EDUCATION

University of California, Los Angeles

Los Angeles, CA

Bachelor of Science, Aerospace Engineering | Expected June 2027 | GPA: 3.31

• **Relevant Coursework:** Aerodynamics; Rocket Propulsion; Dynamics Systems Control; Space Technology; Modeling and Analysis of Dynamic Systems; Intermediate Fluid Dynamics; Thermodynamics; Transport Phenomena; Dynamics of Particles, Rigid Bodies; Statics and Strengths of Materials; Electrical and Electronic Circuits; Science of Engineering Materials; Mathematics of Engineering; Physics: Mechanics, Oscillations, Waves, Electric & Magnetic Fields, Electrodynamics, Optics, Special Relativity

Lund University, Sweden

Lund, Sweden

Exchange Semester, Aerospace Engineering | August 2025 - December 2025

• Adapted to international academic environments; Collaborated with students from diverse technical and cultural backgrounds

ENGINEERING PROJECTS & EXPERIENCE

Rocket Project at UCLA

Los Angeles, CA

Engine & Test Engineer | Los Angeles, CA | Sept 2024 - Present

- Researched, designed, and manufactured a static fire test stand, and optimized nozzle and injector components
- Conducted water flow testing for injectors to characterize flow uniformity and pressure drop
- Performed hydrostatic testing for engine chambers to ensure structural integrity
- Fabricated custom components using lathe, drill press, and milling equipment

Cai Group & TEMP Lab at UC San Diego

La Jolla, CA

Undergrad Research Assistant | June 2025 - August 2025

- Developed hydrogel-based nanoporous membranes to enhance thin-film boiling performance
- Established repeatable processes for fabricating thin hydrogel layers on glass fiber membranes

Airplane Engineering Design

Los Angeles, CA

Team Leader | Los Angeles, CA | April 2024 - June 2024

- Led team of 5 through full-cycle design and construction of a remote-controlled aircraft
- Utilized CAD, MATLAB, and xflr5 for aerodynamic modeling and control systems
- Completed a successful self-propelled take off, 2.5-minute flight, including two barrel rolls & a safe landing

Independent Projects

San Diego, CA

Motorcycle Build - Refurbished Bicycles - Designed & Built Custom Furniture - Rebuilt Suspension & Brakes on Vehicles

LEADERSHIP & ACTIVITIES

Engineering Ambassadors

Los Angeles, CA

Member | April 2024 - Present

- Represent UCLA Engineering during 25+ tours for prospective students and alumni, as well as 1-on-1 prospective student Q&A's, 6 Engineering Commencement Ceremonies, and 2 Bruin/Engineering Welcome Days
- Delivered engineering presentations at Santa Monica College and collaborated with faculty and donors to promote STEM engagement in the local community and on campus

SKILLS

- **Software & Tools:** Python, Matlab, CAD/SolidWorks, XFLR5, Microsoft Office, Google Workspace
- **Competencies:** Lathe, Mill, Drill Press, Band Saw, 3D Printing, Microscope, Micropipette
- **Competencies:** Communication, Leadership, Negotiation, Teamwork, Problem Solving, Time Management, Organization

PROFESSIONAL EXPERIENCE

San Diego Rock Supply - Operator/Trainer/Cashier | El Cajon, CA | May 2023 – September 2023

El Cajon, CA

- Operated a CAT 906 Front Loader; Trained new hires; Oversaw Deliveries, Machinery Maintenance, & Equipment lock-up

Vons - Courtesy Clerk | Lake Murray, CA | July 2024 – September 2024

Lake Murray, CA

- Maintained store cleanliness and organization; Supported front-end operations; Provided excellent customer service
